BILL TO:

PROJECT DETAILS: 4Kw hybrid complete system

DESCRIPTION	Unit	Price
Grade-A, Tier-1 PV Modules Solar Astroenergy/OSDA NType Bifacial 575/585 watt 25-Year Performance Life	7	135100
Livolttek 6.2 kw Hybrid Inverter MPPT Technology Dual Output Generator Supported Works With/Without Battery Overload & Short Circuit Protection	1	116500
Haier-Vestwood-solax power -itel 5kw lithium battery 48v 100amp 10 years plus performane life	0	0
Roof & Ground Mounting Structure Customized Galvanized Iron (14-Gauge) L-2/L3	7	14600
Flexible DC Solar Cable – 6mm ² (Single Core) 1000V Pure Copper Tin-Coated Double PVC Fireproof IEC Standard Compliant	1	18500
AC & DC Breakers + Changeover (Tomzn / ABB / Hager/Chint) Fireproof metal DB Box	1	11000
Complete Accessories Included MC4 Connectors, Rawal Plugs & Screws, cable tie, Rawel bolt, Ducts/PVC Pipes, Cable Ties, Thimbles & More	1	10300
AC Connection Wire for Inverter Wiring	1	6000
Freight charges	1	8000
Complete Installation Service	1	18000

Without battery

RS-338000

With lithuim battery

RS-480000

With lid acid battery

RS:400000

Terms & Conditions

1) Major Changes May Affect Cost.

2) Due to Market Instability, This Quotation is Valid for **2 Days**.

Note:

1)Concrete Work is Out of Scope and Will Be the Customer's Responsibility.

2)Inverter, battery and Panel Warranty Will Be According to Their Manufacturing Policy.

3)If dc wire increase from 50 yards extra charges 330/yard will be added. And if Ac connection wire increase from 10 yard extra charges 170 / yard will added.

- 4) This quotation is with L2/L3 Structure any chnging with structure may directly affected cost.
- 5) All product warranty through their service centers.
- 6) Further qutoation may be update after site visit, thats will be 5%max.
